Consultative workshop on Solar Water Heating and Other Renewable Energy Technologies in the Hospitality sector

As a part the UNDP-MNRE project 'National Campaign on Solar Water Heating and Other Renewable Energy Technologies in the Hospitality Sector', TERI organized a half day Consultative Workshop in association with the Federation of Hotels and Restaurants Association of India (FHRAI) on February 11, 2011 at IHC, New Delhi. The workshop was aimed at (a) demonstrating the online tools for different Renewable Energy Technologies (RETs) & Energy Conservation Measures (ECM) and (b) receiving feedback from the hospitality sector stakeholders on RETs and ECMs that can be implemented for different applications. The workshop was attended by about 50 representatives from the hospitality sector, RE system manufacturers, multilateral organizations and policy makers. Mr. Amit Kumar, TERI highlighted the increasing energy demands in the tourism and hospitality sector due to their high growth rate and as a result, the high potential for energy conservation in this sector. Describing the ongoing project, he informed that this study had been undertaken by TERI to gauge this potential and equip the decision makers from the hotel industry with tools to assess feasible solutions. Mr. M. D. Kapoor, Secretary General, FHRAI emphasized the need to educate people for effective dissemination of RETs and ECMs. Further Dr. B Bandyopadhyay, Advisor, MNRE, stressed the long term benefits of investing in Solar Water Heaters. Dr. A K Singhal, Director, MNRE, apprised the participants of the various policies and programmes of MNRE for promotion of RETs.
